

# Math 414: Linear Algebra II, Fall 2015

## Midterm 2 Take Home Retry

Due: December 11, 2015 by 3:00 PM

Matthew Hirn

December 4, 2015

### **Instructions and grading information:**

- Over the next week, re-do Midterm 2 and turn in your “take home” solutions *with* your graded “in class” solutions.
- Even if you got a perfect score on a problem, rewrite it and include details that may be missing in your solution.
- You *must* work ALONE. You may *not* go to the Math Learning Center. If you have questions, come see me during office hours or make an appointment.
- Your overall Midterm 2 score will be the average of your “in class” score and your “take home” score.
- The “take home” solutions are due December 11 at the *beginning* of class.
